My my my best

You're you're my best
I I'm falling falling to you
My my my best
You're you're my best
I I'm falling falling

It's a moment where I wanna hold your cold hands
I want to tell you my heated heart
I want to take
One step closer to you today
I'm going right now

What's important is our timing
These feelings for you
If you feel the same way
Can I kiss you right now?
Deeper than a winter's night, hotter than the past summer
I'll bring my heart and go to you

Yeah, now we coming to you
With snow and beautiful day
We're getting closer
The streets are covered with beautiful, white snow
Before our hands touch each other
We're taking step by step
Waiting with a touch of heart fluttering
When we meet there, just us two

Wandering through the flashing lights and people
I see you, waiting for me on the other side
I wonder what you're thinking right now
Am I too late?
I'm right in front of you

What's important is our timing
These feelings for you
If you feel the same way
Can I kiss you right now?
Deeper than a winter's night, hotter than the past summer
I'll bring my heart and go to you

The twinkling lights on the street
And the air that's suddenly different
My heart is spreading, it's the moment I dreamed of
You and me

Spinning round and round
I won't waste time
This fluttering might get easily lost
But I won't let it melt for a single moment
And diving in to your eyes
Quickly running to you
No matter how much time passes
The moment I saw you, it was the right timing

Our timing
The snow that's falling on us
It's rushing us, the time is now
I think I have to kiss you right now
Deeper than a winter's night, hotter than the past summer
I'll tell you how I really feel

My my my best

You're you're my best
I I'm falling falling to you
My my my best
You're you're my best
I I'm falling falling
