

# Fever

Onlap

One look at you and there's a smile on my face  
We don't speak but we know what we're saying  
Oh, turn the lights, turn the lights down low  
Yeah, don't stop we gotta save this feeling

Yes I know it's just your game  
But I love to be the one who gets played yeah  
There I go and I just fall again

'Cause baby I  
Like the way I'm lost in you  
I like the hell you put me through  
I keep on chasing after you  
Can you feel the fever?  
You give me a fever again

One touch from you and I'm out of control  
Control  
No turning back now, I don't care if I fall  
If I fall  
Oh, close your eyes, close your eyes real slow  
Let's run away to a place only we know  
Run away to a place only we know

Yes I know it's just your game  
But I love to be the one who gets played yeah  
It's just okay

'Cause baby I  
Like the way I'm lost in you  
I like the hell you put me through  
I keep on chasing after you  
Can you feel the fever?  
You give me a fever

I  
Like the things you make me do  
You know how to make me like a fool  
The way you smile, the way you move oh  
Can you feel the fever?  
You give me a fever again  
You give me a fever again

One more kiss and I'll get lost  
I can't take this anymore  
One more step, we have it all  
The fever's knocking at your door

One more kiss and I'll get lost  
I can't take this anymore  
One more step, we have it all  
The fever's knocking at your door

Can you feel the fever?  
You give me a fever again

Fever

Fever  
Fever  
Fever

Yes I know it's just your game  
But I love to be the one who gets played yeah  
There I go and I just fall again  
Just fall again

'Cause baby I  
Like the way I'm lost in you  
I like the hell you put me through  
I keep on chasing after you  
Can you feel the fever?  
You give me a fever

I  
Like the things you make me do  
You know how to make me like a fool  
The way you smile, the way you move oh  
Can you feel the fever?  
You give me a fever again  
You give me a fever again  
Again
