

Hypnotized

Onlap

Is this love?
Is this heaven?
So many feelings right now
Circling

Fall from grace?
Not a chance
It feels so special, so magical
Here and now

Hurricane
A tidal wave
It sounds perfect
Life looks brilliant
Give me more of this

I'm out of control, about to blow
Hell, I've been caught in the undertow
So toxic but I can't get enough

You bury me, bury me
Oh oh oh oh oh
Oh yeah you bury me, bury me

You've got me hypnotized
Pushed me out of myself
You've got me hypnotized
Oh oh oh

I can't see
I can't hear
I'm going crazy but I like it

Got me hypnotized
Oh oh oh

You've got me hypnotized
Can't get you out of my head
Again

Is it wrong?
Is it right?
It's like I've won my final war
Without a fight

I'm out of control, about to blow
Hell, I've been caught in the undertow
So toxic but I can't get enough

You bury me, bury me
Oh oh oh oh oh
I know you bury me, bury me

You've got me hypnotized
Pushed me out of myself
You've got me hypnotized
Oh oh oh

I can't see
I can't hear
I'm going crazy but I like it

Got me Hypnotized
Oh oh oh

You've got me hypnotized
Can't get you out of my head
Get you out of my head
Again

Hey hey
How did I get this far?
Hey hey
Now I'm just dead inside

You've got me hypnotized
Pushed me out of myself
You've got me hypnotized
Oh oh oh

I can't see
I can't hear
I'm going crazy but I like it

(Got me) Hypnotized
Oh oh oh

You've got me hypnotized
Oh oh oh oh

Got me Hypnotized
Oh oh oh

You've got me hypnotized
Get you out of my head
Get you out of my head
Again!

Hey hey
Everything was a lie
Hey hey
How did I get this far?
Hey hey
Now I'm just dead inside
