

Misery

Onlap

I am in misery

Everyone is watching me when I'm coming around
They all like judging me when I'm lying on the ground
I've got no shelter, I've got no escape
My life is a prison and I can't run away

I feel it in my bones
I'm losing it all

Stuck in my head, I am in misery
Deep inside myself, I like it
My only family
Stuck in the crowd, can someone rescue me?
I'm burning alive, I got it
I am in misery
I am in misery

My voice gets smothered
More than I could ever explain
I am defeated without a single word

I feel it in my bones
I'm losing it all

Stuck in my head, I am in misery
Deep inside myself, I like it
My only family
Stuck in the crowd, can someone rescue me?
I'm burning alive, I got it
I am in misery
I am in misery

Stuck in my head, I am in misery
Deep inside myself, I like it
My only family
Stuck in the crowd, can someone rescue me?
I'm burning alive, I got it
I am in misery
I am in misery
I am in misery
I am in misery
