

# Nevermind

Onlap

Enjoy the ride while you're alive  
And scream nevermind

For all the things that were left unsaid  
For all the times I found promises dead  
I had nightmares along the way  
I made prayers in vain  
Never heard  
Yeah  
I've waited so long to catch my breath  
To catch my breath

I'm awake  
I'm alive  
(Oh oh oh oh)  
It made me who I am now  
Nevermind  
I survived  
(Oh oh oh oh)  
Time after time  
Through the pain I feel  
Through the hate in me  
It goes on and on again  
Enjoy the ride while you're alive  
And scream nevermind

So many fights for nothing at all  
So many problems never solved  
Yeah  
I saw people with fear in their eyes  
Into a world falling apart  
I've waited so long to catch my breath

I'm awake  
I'm alive  
(Oh oh oh oh)  
It made me who I am now  
Nevermind  
I survived  
(Oh oh oh oh)  
Time after time  
Through the pain I feel  
Through the hate in me  
It goes on and on again  
Enjoy the ride while you're alive

And scream nevermind  
I've waited so long to catch my breath  
(To catch my)  
I've waited so long to catch my breath  
To catch  
My  
Breath

Enjoy the ride while you're alive  
And scream nevermind

I'm awake  
I'm alive  
(Oh oh oh oh)  
It made me who I am now  
Nevermind  
I survived  
(Oh oh oh oh)  
Time after time  
Through the pain I feel  
Through the hate in me  
It goes on and on again  
Enjoy the ride while you're alive  
And scream nevermind
