

The Edge

Onlap

But I'm not done
I'm not gone
I won't give up until the end
Until the end
Go

It's like a shadow next to me
Like a voice inside my head
It's like a fight that I cannot win
I'm falling
I'm falling

Frustrated
Intoxicated
I know I'm losing myself
I can't take it anymore

But I'm not done
I'm not gone
I won't give up until the end

But I won't fall
I'll stand awake
'Cause I know it's not over
Even if I am closer
To the edge

It's like a noise that intensifies
Like a wave I'm running from
It's like a hit that brings me down
I'm falling
I'm falling

Exhausted
I'm gonna drop dead
I know I'm wasting my breath
I can't fake it anymore

But I'm not done
I'm not gone
I won't give up until the end

But I won't fall
I'll stand awake
'Cause I know it's not over
Even if I am closer
To the edge

This pain
Inside
Just wanna close my eyes

This mess
Is mine
I know I shouldn't hide

I remember the time when I thought it was nothing

Now it's killing me softly
As I'm getting closer to the edge

But I'm not done
I'm not gone
I won't give up until the end

But I won't fall
I'll stand awake
'Cause I know it's not over
Even if I am closer
To the edge
Go
To the edge
