

Unbroken

Onlap

What were you thinking?
That they'd give you anything?
You build'em up while they tear you down
But still you never give up
You never give up, no

They would stoke the fire
As you hope to rise
But it was mostly lies
Left you broke inside
I know
It's all love I just gotta complain
I got ya back we gone rise thru the flames
And you'll be at it again

I won't let go
I'll be by your side
I won't let you drown
I won't let go
And nothing can stop me
Unbroken

The same old story
It drives you crazy
They put you first in line, and were never around
But still you never give up
You never give up, no
They drag you down
Step back, and throw it all away
This pain inside
Face it, and blow it all away

I won't let go
I'll be by your side
I won't let you drown
I won't let go
And nothing can stop me

They're laughing at all your problems
And calling you out your name
They'll walk all over your carcass
And chalk it up to the game
They're ripping your heart apart
And just to toss it into the flames
Through all of that pain you remain
Unbroken

I know
Don't let em stress ya
We gone shine forever
They never
Catch us slipping
We just side step em
And sever the ties, the lies, and all of the fears inside
You've always been a friend of mine
So from now until the end of time

I won't let go
I'll be by your side
I won't let you drown
I won't let go
I'll be by your side
I won't let you drown
(Don't let em stress ya we gone shine forever)

I won't let go
And nothing can stop me
(Unbroken...)
They're laughing at all your problems
And calling you out your name
They'll walk all over your carcass
And chalk it up to the game
(Unbroken...)
They're ripping your heart apart
And just to toss it into the flames

I won't let go!

Unbroken

They never
Catch us slipping
We just side step em
