Fifth subject

The difference is there are a lot of tears

I'm just trying to draw you out

But why are you trying to swallow me up?

No way, girl

Maybe we're creating a terrible color

dOra maar

Like your sweet name

I'm getting

Drunk again, yeah

I want to place you here

Show me yourself, baby

Oh oh oh, that's not you, baby

Oh oh oh, yes, that's good, right there, baby

Don't misunderstand baby

You're just my grieving model

"dOra maar"

It won't ever be boring
Whatever you're imagining, yeah

Oh my dOra, I'm lingering near you
Even the side of your I never knew, bebe
I want to see the 100 yea yea yea

Oh my dOra, I don't really know you
I just want the real you
Whatever that may be yea yea yea

Till the moon disappears
Your eyes stay red, they won't dry
Like a dali painting, like a melted clock
Just laying in bed

When I think of you
Baby you are just a weeping woman
"dOra maar"
Like these depressing lyrics
I'm getting drunk again, yeah

I want to place you here
Show me yourself, baby

Oh oh oh, that's not you, baby
Oh oh oh, yes, that's good, right there, baby

Don't misunderstand baby
You're just my grieving model
"dOra maar"

It won't ever be boring
Whatever you're imagining, yeah

Oh my dOra, I'm lingering near you
Even the side of your I never knew, bebe
I want to see the 100 yea yea yea

Oh my dOra, I don't really know you
I just want the real you
Whatever that may be yea yea yea

My reflection in your eyes
It's fading
Draw you by day
And I'll hold you by night yeah

Cover your eyes from the bright light
Escape from me now
I'll place you in my memories
Because you're my masterpiece yeah

Oh my dOra, I'm lingering near you
Even the side of your I never knew, bebe
I want to see the 100 yea yea yea

Oh my dOra, I don't really know you
I just want the real you
Whatever that may be yea yea yea
