I'm thinking about
Your face and your scent

I'm falling more and more
Don't tell me about it

Just looking at you
Pulls me to you
I want all of you

I think I'm drunk with you
Set me free just set me free

Who are you to shake me up, why?
I can't even escape

I want it next next next, all of you
You come down down down, so you can't stop me
Into the night night night without anyone knowing
I've fallen for you

I want all of you you you
Yes, I want it all all all
Come to me, don't get farther away, it's alright

The closer I go to you
I see how sad you are
Please smile for me
My heart keeps growing weak

I'm getting greedy without even knowing
I want all of you
I know you already know
Everything my everything

(I can't fine)
Who are you to drive me crazy?
(I can't stop falling in love)
I can't escape

I want it next next next, all of you
You come down down down, so you can't stop me
Into the night night night without anyone knowing
I've fallen for you

I want all of you you you
Yes, I want it all all all
Come to me, don't get farther away, it's alright

The moment I see you, things get hazy, out of control
You drive me crazy
You know you drive me crazy baby

I want it next next next, all of you
You come down down down, so you can't stop me
Into the night night night without anyone knowing
I've fallen for you

I want all of you you you

Yes, I want it all all all
Come to me, don't get farther away, it's alright
