

Addicted to the Smell of Death

Onslaught

Burning flesh, let it breathe
Intoxicating fumes of misery
Hell is here, searing heat
Ashes are the end of liberty

No regret
No sorrow
No reason, no tomorrow

Cremation
Cessation
Cold hearted violation

Addicted, addicted
I'm addicted to the smell of death
Addicted, addicted
Now take your final breath

Addicted, addicted
I'm addicted to the smell of death
Addicted, addicted
Addicted to the smell of death

Hung on hooks, tearing skin
Pulling on the strings of ecstasy
Blood is red, red as sin
Lacerations carve a legacy

No regret
No sorrow
No reason, no tomorrow

Cremation
Cessation
Cold hearted violation

Addicted, addicted
I'm addicted to the smell of death
Addicted, addicted
Now take your final breath

Addicted, addicted
I'm addicted to the smell of death
Addicted, addicted
Addicted to the smell of death

Inhale
In Hell
Inhale
In Hell

I blind your eyes
I steal your face
Eternal hate
In my embrace

I take your heart

I take your soul
I take your breath
I am control

Addicted, addicted
I'm addicted to the smell of death
Addicted, addicted
Now take your final breath

Addicted, addicted
I'm addicted to the smell of death
Addicted, addicted
Addicted to the smell of death

Inhale
In Hell
Inhale
In Hell
