

# ALONE

ONUKA

Why are we alone?  
Why are we alone?

Sitting here, wondering why  
As the stars light up the skies  
Light up the skies, light up the skies  
Feels so good when you're beside  
As the Moon light up your eyes  
Light up your eyes, light up your eyes

Why are we alone? What did we do?  
Why are we alone? Me and you  
Why are we alone? What did we do?  
Why are we alone? Me and you

Why are we alone?  
Why are we alone?  
Why are we alone?  
Why are we alone?  
Why are we alone?  
Why are we alone?

But when you're gone, I'm not alright  
The darkness grows each passing night  
Each passing night, each passing night  
It's alright to stray from gods  
It's alright to feel so lost  
To feel this lost, to feel this lost

Don't, don't, don't say no, no, no  
Don't, don't, don't say no, no, no  
Don't, don't, don't say no, no, no  
Don't, don't, don't say no, no, no

Don't, don't, don't say no, no, no  
Why are we alone? What did we do?  
Don't, don't, don't say no, no, no  
Why are we alone? Me and you  
Don't, don't, don't say no, no, no  
Why are we alone? What did we do?  
Don't, don't, don't say no, no, no  
Why are we alone? Me and you

Don't, don't, don't say no, no, no  
Я, прийду, до, тебе, я скоро  
Don't, don't, don't say no, no, no  
Я, прийду, до, тебе, я скоро  
Don't, don't, don't say no, no, no  
Я, прийду, до, тебе, я скоро  
Don't, don't, don't say no, no, no  
Я, прийду, до, тебе, я скоро

Don't  
До тебе прийду, знайду я силу  
Don't, don't, don't say no, no, no  
Крізь усі краї, вздовж небосхилу  
Don't, don't, don't say no, no, no

До тебе прийду, знайду я силу  
Don't, don't, don't say no, no, no  
Крізь усі краї, вздовж небосхилу

Don't, don't, don't say no, no, no  
Я, прийду, до, тебе, я скоро  
Don't, don't, don't say no, no, no  
Я, прийду, до, тебе, я скоро  
Don't, don't, don't say no, no, no  
Я, прийду, до, тебе, я скоро  
Don't, don't, don't say no, no, no  
Я, прийду, до, тебе, я скоро
