

Look

ONUKA

One day once more
One way to somewhere
What are you thinking about?
What are you going to find?
You should look inside
This way's a long way
But anyway, this prayer
Can help you when you're not O.K
Everyday you have to decide

Look inside yourself
More and more and more and more
Look inside yourself
Look inside yourself (Oo-ooh)

Look inside yourself
More and more and more and more
Look inside yourself
Look inside yourself (Oo-ooh)

When you feel lost
When you're refused
And when you feel confused
When you are so used
You should look inside
You don't know what's next
It's all gone
You should leave your nest
Just analyse your map
Make a final step
You have to decide

Look inside yourself
More and more and more and more
Look inside yourself
Look inside yourself (Oo-ooh)

Look inside yourself
More and more and more and more
Look inside yourself
Look inside yourself (Oo-ooh)
