

Wrong emotions
Pain's like the ocean
I've seen those pictures with you

Fake subscriptions
Useless prescriptions
I've met those creatures
In you

No one can take
What I feel
No one can see
What I've seen
No one can take
What I'm in
And this gonna end soon, I hope

Slow explosions
Big disclosures
I've seen those angels with you

Faithful glances
And wasted chances
I've met those angels
It's you

No one can take
What I feel
No one can see
What I've seen
No one can take
What I'm in
And this gonna end soon, I hope

No one can take
What I feel
No one can see
What I've seen
No one can take
What I'm in
And this gonna end soon, I hope
