Stop screamin', you're fiendin'  
Play that, say that, dip dive socialize  
Uncivilized guys rise up

And pop wasn't ready the way they say this 'cause we hate it  
Back up, back off, lick shot for that tree spot  
Onyx is the antidote for all your problems  
Damn! Don't it feel good

Yo, I know you love to hate it, but you cannot explain  
Why you keep puttin' Mad Face in your veins  
Oooh, yeah, there, I got it  
Afficial Nastee psychotic, spies got spotted  
So travel through the mind of a maniac automatic  
You panic get deaded, a nigga on the planet  
Feel the black stone, hit the do', roamin' the ...

So back up off the block, blow up the spot  
So left, right, left, right take it to the center, and enter  
The black reign domain, a plain you never been to  
And you know what this is, what, face down on the floor  
Give me it all, I got they back against the wall

Don't be afraid, you'll only lose your life that way  
I'm an endangered species, surprised to live to see today  
But if you're readin' between the enemy line you'll find I'm insane

Too much strain on the brain, capable to pop a vein  
So I'ma do it, do it, do it, do it like this  
The Onyx is here, so back up or get dissed  
And if you put me to the test, I'll lay you to rest  
Bring it right to his chest, put it straight through his vest
