

Bad Habits

Ookay

You're a bad habit
And I don't wanna wait around for something new
I'm addicted to the way you move
But I hate all the things you do
Like bad habits
And I don't wanna wait around for something new
I'm addicted to the way you move
And I hate all the things you do
Like bad habits

Got a feel right now
Got a feel right now
Got a feel right now
Got a feel right now
Like bad habits
Got a feel right now
Got a feel right now
Got a feel right now
But I hate all the things you do
Like bad habits
Got a feel right now
Got a feel right now
Got a feel right now
Got a feel right now
Like bad habits
Got a feel right now
Got a feel right now
Got a feel right now
Got a feel right now
Like bad habits

And I don't wanna wait around for something new
I'm addicted to the way you move
But I hate all the things you do
Like bad habits
And I don't wanna wait around for something new
I'm addicted to the way you move
But I hate all the things you do
Like bad habits

Got a feel right now
Got a feel right now
Got a feel right now
Got a feel right now
Like bad habits
Got a feel right now
Got a feel right now
Got a feel right now
And I hate all the things you do
Like bad habits
Got a feel right now
Got a feel right now
Got a feel right now
Got a feel right now
Like bad habits
Got a feel right now
Got a feel right now

Got a feel right now
Got a feel right now
Like bad habits
