

# Drive Away Slow

Ookay

Changing lanes like you change your mind  
You run my heart, like it's in overdrive  
You're switchin' gears, but you take your time  
So dangerous, but I feel alive

We're pushing limits and it's time that we pull the brakes  
Don't think I hate you cause we choose to go our separate ways  
Still runnin' red lights, ignoring the red flags  
Pretending I don't want you back

You're driving away, and watching my tears in the rearview  
And then you're turning around and I'm realizing that I need you  
They're playing our song on the radio  
Will you think of me, think of me now?  
Look me in the eyes when I let you go  
But would you drive away, drive away slow?

Would you drive?  
Would you drive?  
Would you drive away, drive away slow?  
Drive away, drive away slow?

Don't know what you got until it's gone  
So when you disappear into the dawn  
Can we stretch this out, make the goodbye long?  
It's like we knew we were a ticking bomb

We're pushing limits and it's time that we pull the brakes  
Don't think I hate you cause we choose to go our separate ways  
Still runnin' red lights, ignoring the red flags  
Pretending I don't want you back

You're driving away, and watching my tears in the rearview  
And then you're turning around and I'm realizing that I need you  
They're playing our song on the radio  
Will you think of me, think of me now?  
Look me in the eyes when I let you go  
But would you drive away, drive away slow?

Would you drive?  
Would you drive?  
Would you drive away, drive away slow?  
Drive away, drive away slow?

Dri-i-i-i-i, slower  
Dri-i-i-i-i, slower  
Dri-i-i-i-i, slower  
Drive away, drive away slow
