

For Life

Ookay

Tell me that you like it
Don't even try to hide it
Moving so good we feeling it
Keep me up all night shaking it
Show me how you work it
I'll see if you deserve it
Look into my eyes and tell me what you want
I promise you can get this for life

Hold up I just spotted a like

Making me want to hit it again

In the cabana under fine white linen

Holding me down, she a freak when she freak freak

Pull up or shut up I'm living this shit
At the Mirage when the edible hit
MANNNO you know, I'm the kid

Pre-game, hotel, one on one, don't tell

I can tell you've been here before
You a fine thing, let me get some more

I can't take it, make you shake it
Tell me that you like it
