

## Going Down

Ookay

When it all falls down nothing left to lose  
I'll be right by your side nothing left to prove

Wipe the dirt from your chin as I lace up my shoes  
Cause if you're going down swinging then I'm going down too

Cause if you're going down swinging then I'm going down too  
Cause if you're going down swinging then I'm going down too

Then I'm going down too  
Then I'm going down too  
Then I'm going down too  
Then I'm going down too  
Then I'm going down too  
(Cause if you're going down swinging then I'm going down too)

Cause if you're going down swinging then I'm going down too

When it all falls down nothing left to lose  
I'll be right by your side nothing left to prove

Wipe the dirt from your chin as I lace up my shoes  
Cause if you're going down swinging then I'm going down too

Cause if you're going down swinging then I'm going down too

When it all falls down nothing left to lose  
Cause if you're going down swinging then I'm going down too

Then I'm going down too  
Then I'm going down too  
Then I'm going down too  
Then I'm going down too  
Then I'm going down too  
(Cause if you're going down swinging then I'm going down too)

Cause if you're going down swinging then I'm going down too

Then I'm going down too  
Then I'm going down too  
Then I'm going down too  
Then I'm going down too  
Then I'm going down too

Cause if you're going down swinging then I'm going down too

Cause if you're going down swinging then I'm going down too
