

Lighthouse

Ookay

Will you be my lighthouse baby?
And can you shine your light on me?
And can you shine your light on me?

'Cause when my love sets sail
It's always doomed to fail
Will you be my lighthouse baby?

Will you be my lighthouse baby?
And can you shine your light on me?
And can you shine your light on me?

'Cause when my love sets sail
It's always doomed to fail
Will you be my lighthouse baby?
