

Side By Side

Ookay

Wanna be side by side
I wanna be side by side
Do you wanna be side by side?
Side by side

I was kinda hoping we could work this out 'cause
I don't really know what I would do without ya
I know it seems direct but I can't lie, not this time, alright

Wanna be side by side
I wanna be side by side
Do you wanna be side by side?
I know it seems direct but I can't lie
Not this time, alright

Wanna be side by side
Side by side
Do you wanna be side by side?
I know it seems direct but I can't lie
Not this time, alright

Wanna be side by side
Side by side
Do you wanna be side by side?
I know it seems direct but I can't lie
Not this time, alright
