

A.L.I.V.E.

Oomph!

You keep me fucking alive my dear
And I can promise you wherever you are
I'm gonna keep on searching you
And when I've found you I will show you my scar
You keep me fucking alive my dear
And I can tell you that I'm pretty upset
And even if it's long ago
I may forgive but I will never forget, no!

You keep me fucking alive
You keep me fucking alive
You keep me fucking alive
You keep me fucking A.L.I.V.E..

You keep me fucking alive my dear
And yes I know I've got a little defect
I will be full of sick desire
But I think I deserve you fucking respect
You keep me fucking alive my dear
And I know someday I will know where you live
And now the more I think of you
I can imagine that I'll never forgive, yeah!

You keep me fucking alive
You keep me fucking alive
You keep me fucking alive
You keep me fucking A.L.I.V.E..

You keep me hunting
You keep me hating
You keep me bleeding
You keep me waiting
You keep me breathing
You keep me biting
You keep me kicking
You keep me fighting

You keep me fucking alive
You keep me fucking alive (you keep me fucking alive)
You keep me fucking alive
You keep me fucking A.L.I.V.E..
