

You've Got It

Oomph!

You gimme the sun, you gimme the moon
You gimme the stars - you've got it
You gimme your heart - you gimme your mind
You gimme your scars - you've got it
You gimme the storm, you gimme the fire
You gimme the rain - you've got it
You gimme your love, you gimme the hate
You gimme your pain - you've got it

You gimme your grief, you gimme rage
You gimme your fears - you've got it
You gimme your lies, you gimme your shame
You gimme your tears - you've got it
You gimme your war, you gimme your fight
You gimme your peace - you've got it
You gimme the rise, you gimme the fall
You gimme release - you've got it

Love me! - Save me! - Thrill me! - Deprave me!
Scorn me! - Use me! - Kill me! - Reduce me!
Burn my heart now!!!

Love me! - Chain me! - Thrill me! - Restrain me!
Scorn me! - Face me! - Kill me! - Erase me!
Blind my eyes now!!!

Love me! - Change me! - Thrill me! - Derange me!
Scorn me! - Hate me! - Kill me! - Cremate me!
(Love me to death!)

I've been so old from the day I was born you said
Been getting sold from the day I was born you said
Been losing hold from the day I was born you said
It's been so cold from the day I was born you said

I've been afraid from the day I was born you said
Been getting paid from the day I was born you said
It's been my fate from the day I was born you said
It's been too late since the day I was born you said

Burn! Burn! Burn! Burn!!!
