This Is The End

Open Hand

You said you don't understand me
So why are you here
You wanted me to protect you now
While you turned away
You haven't answered the question
Of why you are here
You just left me waiting here
How long will you
Keep me standing here
Keep me standing here all by myself
How long will you
Keep your feelings locked up inside
Keep me standing here all by myself
How long will you
I know it's not
Like you're staying around
Where are we now
I know it's not
Like you're staying around
Where are we now
I know it's not
Why I'll fly away
Die away
I know it's right
(I KNOW IT)
I know it's right
(I KNOW IT)
(I KNOW IT)
(I KNOW IT)
I know it's right
(I KNOW IT)
I know it's right
(I KNOW IT)
