

# Neighbor

Open Mike Eagle

I do shows for rap fans and smart people  
Alcoholics, book readers and art people  
But wallflowers and participants aren't equal  
So if you've never made noise time to start people  
And I don't wanna hear that socially awkward jive  
'Cause I'm the king of the socially awkward guys  
If I can stand here and vocally talk through mine  
Then all these other nerds should totally fall in line  
And all them ladies quit pretendin' that y'all so shy  
And actin' like its unlawful to talk to guys  
Go up to him make a move if he caught your eye  
Whoever told you that was slutty just told you lies  
I'm tryna make it not your typical rappin' show  
If that's what crackin' stop the track 'cause I have to go  
2011 yo I'm fed up with that fo' sho  
Now information age we gain interactin' though [?]

Turn to your neighbor say neighbor  
Do you wanna see somethin' new  
Well I can't tell by your behavior  
'Cause you're still standin' still in your shoes  
Turn to the other side say neighbor  
Now I really wanna hear the truth  
'Cause me and the choir put your feet to the fire now let's see what you're  
really gonna do

That's all we want but we won't beg and plead with you  
If you don't move what the fuck do we need with you  
We came a long way but we'll make it worth the wait  
We'll turn this motherfucking place to rehearsal space  
One persons great  
Or we can rock for three  
And me and Prolyphic can practice choreography  
And make sure that we're all posed properly  
For the benefit of those with flash photography  
This is my good side  
Make sure I look fly  
And if its just a point and shoot, nigga goodbye  
I need some depth of field to make it extra real  
I want one of them creation record deals  
But those only for martians and white women  
That ain't afraid to say hard shit and write nigga  
I live in an apartment with white tenants  
So I'm disqualified but I will not apologize

Turn to your neighbor say neighbor  
Do you wanna see somethin' new  
Well I can't tell by your behavior  
'Cause you're still standin' still in your shoes  
Turn to the other side say neighbor  
Now I really wanna hear the truth  
'Cause me and the choir put your feet to the fire now let's see what you're  
really gonna do

Now everybody in the place with a hard rap face  
I'm like gonwitchya, gonwitchya, gonwitchya, gonwitchya!  
If you confused when you see sometin' new I'm like

Gonwitchya, gonwitchya, gonwitchya, gonwitchya!  
If you came in the spot and didn't rock  
I'm like gonwitchya, gonwitchya, gonwitchya, gonwitchya!  
We don't need you
