

## Relatives Demo

Open Mike Eagle

My memory's photographic  
I know those signs  
No need for overthinking  
We'll just turn blue  
It's not unordinary  
It's all the time  
Get off that ceiling, lady  
You should sit down

You're not that kind of person  
Given the situation  
This is the right decision  
This is the right decision  
Given the situation  
This is the right decision  
This is the right decision

People evacuating  
Pull the alarm  
Hold on in one direction  
All ran away  
I see that graven image  
That makes things hard  
I have an education  
I know those lies

I'm not that kind of person  
Given the situation  
This is the right decision  
This is the right decision  
Given the situation  
This is the right decision  
This is the right decision  
This is the right decision
