Tdk Scribbled Intro

Open Mike Eagle

(I was thinking, I was thinking)
I was thinking about all the stuff I said before
(I been sittin' by myself)
My insides was out
(Felt weird, felt weird)
(I been sittin' by myself)
Yesterday is safer, 'cause you already know what happened
(I had some time by myself)
And every album (Every one of 'em)
Is a little collection of pieces of yesterdays
I don't always have the words for the feelings
(I been sittin' by myself)
(So I decided, so I decided)
So I decided to make you a tape
