

# Woke As Me

Open Mike Eagle

You say you woke, bro?  
I say supposedly  
You ain't nowhere near as woke as you supposed to be  
Man, you telling jokes  
Fool, you so asleep  
Bruh, you might be woke, you just ain't as woke as me

He say woke, but he ain't woke enough  
I'm droppin' facts that make his third eye open up  
He's still in mental jail  
I see him tail-spinnin'  
His woke frail  
He can't even see his male privilege  
Carbon footprint small  
Man, I kinda doubt it  
Real woke brothers live in tiny houses  
I ain't never been sleep, it's excruciatin'  
I been woke so long, I'm hallucinatin'  
You say you woke  
You just pretend to do it  
I'm keeping all my pronouns gender-fluid  
Yo' mind is not open  
You pro'ly not votin'  
You throw away whole roaches  
Homie, we compostin'  
I bet you think it's rumors  
Homie need a tutor  
I'ma prove he's still sleep  
He ain't deleted UBER  
Had the crown I'ma take it from you  
I wear hemp drawers and biodegradable shoes  
I know the planet fucked up  
And how it got that way  
I only flush my toilet once every Goddamn day  
I'm fuckin' woke

You say you woke, bro?  
I say supposedly  
You ain't nowhere near as woke as you supposed to be  
Man, you telling jokes  
Fool, you so asleep  
Bruh, you might be woke, you just ain't as woke as me

Tryna beat me in a woke-off and get broke-off  
No jokes, you don't want no smoke  
With this woke Tom Brokaw  
Your neighborhood vegan weed dealer  
But I also sell books  
I don't just rock the bells  
I rock the bell hooks  
In all lowercase  
Say her name, show her face  
I been body positive  
Me and my hoes is overweight  
Gentrifyin' all your hoods  
Your taxes gotta be murder  
Come through your cookout with kale and Impossible Burgers

Shout out to the White girls  
If you tryna see me  
I got a biracial son  
Named him Ta-nehesi  
One of my top ten hittas  
In the barbershop  
Fit right in with' us  
Mom wanna know why he's so Pro-Black  
What's more Pro-Black than a light-skinned nigga  
Intersectional, been that  
On your mark and let's get set  
I been yellin' out cishet  
Since Harlem yellin' out Dipset  
Say this and I'm movin' on  
You thought toxic masculinity was a new cologne  
Nigga, you was wrong  
I'm the antidote  
My life's so botanical  
Green Party and I vote  
And I quote, "Man, oh man, Goddamn, I'm woke"
