

# Awaken

Opshop

Wide awake in my slumber  
Dishes pilin' to the sink  
I caught a glimpse and I was sleepin'  
I tried on other faces  
I tried on other spaces  
Yeahâ^!

Contagious abandon  
I'm addicted to the charm  
Some people give other people  
A licence to take chance  
A licence to make a change  
Woahâ^!

Sleep in your darkness  
Or walk on water and back again  
Sleep in your thoughts now  
Or try on other souls again, oh

Awaken'  
Awaken'  
Awaken'  
Awaken'

Wrestle with bravado  
But you love it desperately, yeah  
You and me we're part of each other  
I will see you when I'm dreamin'  
May I see you when I dream

Oh, sleep in your darkness  
Or walk on water and back again  
Sleep in your thoughts now  
Or try on other souls again, oh

Awaken'  
Awaken'  
Awaken'  
Awaken'

If I could find myself a human race  
That remembers my divine place  
I could enter a life without a trace'

Stoke the fire, we're home tonight  
We'll fall to pieces and start again  
Sleep in your souls or try on other thoughts again

Awaken'  
Awaken'  
Awaken'  
Awaken'
