

# Can You Hear Me

Opus

An you hear me,  
Can you hear me calling you  
Don't you know what i'm going through  
Can you hear me,  
Can you hear me  
Can you hear me calling you

I'm so far away now  
And i miss you, and how  
If you feel the same  
- please call again  
And if you hear me calling you  
Think about it, cause it's true  
Why don't you give me a sign  
Come on and write down a line  
You left your mark - so make a start  
To call back time we had apart  
And find a way straight to my heart

Can you hear me...

Now it's a matter of fact  
I'm the fool in this act  
I guess i'm paralyzed  
Through your disguise  
So if you hear me calling you  
And someday you will find  
That there's a man on your mind  
Who once in former days  
Had lost a race  
If you remember this my dear  
Give me a call i will appear

Can you hear me...
