

## Just For Fun

Opus

Do you know what I've always done  
I wrote every song just for fun  
Opened myself for me and you  
Now we know what we must do

All that we love is havin' some fun  
Jamin' together and singin' our songs  
Straight from the heart - one after one  
Come sing along with us, JUST FOR FUN!

Yeah yeah yeah,  
Yeah yeah yeah,  
Yeah yeah yeah - JUST FOR FUN!

Do you know what I'm missing here  
A kind of atmosphere  
Open yourself and you feel glad  
Just relax don't feel so sad

All that we love, is havin' some fun  
Jamin' together and singin' our songs  
Straight from the heart - one after one  
Come sing along with us, JUST FOR FUN!

Yeah yeah yeah,  
Yeah yeah yeah,  
Yeah yeah yeah - JUST FOR FUN!

All you need is FUN, all you need is FUN!

All that we do, is sit in the sun  
Sellin' our records to everyone  
We don't give a shit - we know it's a hit  
If not "No. 1" it was JUST FOR FUN!  
JUST FOR FUN!
