

Asc. Scorpio

Oracle Sisters

Hum along, cat got its cream
You got it wrong, it's not as it seems
You're Ascendant Scorpio

An elephant in hunger, a power grid, and thunder
A child in a crib, in a rocking chair
Sister says 'nightmares are gone'

Hum along, I heard a scream
You got it wrong
It's not as it seems
You're Ascendant Scorpio

An element of blunder, a tenement, which number?
I'll look you up when I pass through
Man, it's been so goddamn long
An element of blunder, a tenement, which number?
I'll look you up when I pass through
Man, it's been so goddamn long

Man, it's been so goddamn long
Man, it's been so goddamn long
