

Life's a bitch and then you're gone  
You can pray all day and sing a song  
Stay awake all night for a man to give the answers to you

Save yourself then save us all  
Blame our ways and burn our souls  
You're lucky enough for a man gave the answers to you

Some people like me don't know  
I don't know  
Like me don't know  
I don't know  
Like me don't know  
I don't know where to turn

Say I'm evil, say I'm worthy of Hell  
Say I'm just a fool with a story to tell  
I kinda know what you're thinking but I don't really care  
You've got your ideas, I'm sure you're welcome to share

Some people like me don't know  
I don't know  
Like me don't know  
I don't know  
Like me don't know  
I don't know where to turn

So won't you get it straight now  
I don't want your help now  
Even if I'm going down  
Fuck you, I don't need it

Some people like me don't know  
I don't know  
Like me don't know  
I don't know  
Like me don't know  
I don't know  
Like me don't know  
I don't know

Some people like me don't know  
I don't know  
Like me don't know  
I don't know  
Like me don't know  
I don't know  
Where to take turn
