

## Hard Luck

Orange Goblin

Ain't gonna break my spirit  
Ain't gonna break my stride  
When you aint got nothin  
You got nothin to hide  
Its a long hard struggle  
Tryin' to live my life  
Cos you're born with nothing  
Then you work to die

Don't believe it, pass the buck  
Hard livin', hard luck

Don't wanna be no preacher  
Don't wanna be no king  
I'll never rule the roost no  
I'll never have everything  
And if the hand I'm given  
Is gonna grind me down  
Then I'm aboard the first train  
And heading outta town

Don't believe it, pass the buck  
Hard livin', hard fuckin luck

See its all about livin  
And how we're not born lucky  
It's how we choose to lose  
You see I love misfortune  
And I cheated on luck  
But if it's all forgiven  
Then I dont give a fuck

Don't believe it, pass the buck  
Hard livin', hard fuckin luck
