A New Day

Orange & Lemons

Dream, look up the skies
See all the birds fly
Stream, falls at the end
Nobody's there

Run through the deserts of green grasses and fields unseen
Rain, tears from the sky
Teasing my eyes

As you open your eyes
Greet the sun
Would you come out and play
We'll have some fun

It's a new day for you and me
(It's a new day for you and for me)
It's a new day
So come and love me

Time to wake up my friend
For you might be late again
Rush cause you're meeting a girl
A very special girl

Why don't you fix up yourself
You don't need any help
Read the paper, take a shower
Are you getting anywhere

The sound and the songs of the streets are so loud
(You're one of the crowd)
Sound and the songs of the streets are so loud
(You're one of the crowd)

As you open your eyes
Greet the sun
Would you come out and play
We'll have some fun

It's a new day for you and me
(It's a new day for you and for me)
It's a new day
So come and love me

Feel the trance of waking up
In a busy world of growing up
Yesterday has come to pass
And tomorrow's knocking on your door so fast

It's a new day for you and me
(It's a new day for you and for me)
It's a new day
So come and love me

It's a new day, it's a new day,
It's a new day, what can you say
It's a new day, it's a new day,

It's a new day, come as you may
It's a new day, it's a new day,
It's a new day, what can you say
It's a new day, it's a new day!
