

The Nerve

Orange & Lemons

I do not have the nerve
To take a chance on you
I find it hard to tell you
Cause it's hard for me
To take this feeling of hopelessness

I live in a secret world
Hoping to wake up
When things get started
And it's not too late
To be strong

Time has no meaning
My love will never end
Time has no meaning
But when can I make it work?

I've been here before
Could I need you too much
The impression you sell
A thousand wild flowers' scent
I fly too much
(When can I make it work?)

Time has no meaning
My love will never end
Time has no meaning
But when can I, when can I
When can I make it work?

Time has no meaning
My love will never end
Time has no meaning
When can I make it work?

Time has no meaning
My love will never end
Time has no meaning
But when can I, when can I
When can I make it work?
