

## When I'm With You

Orange & Lemons

When I'm with you girl  
My world turns upside down  
When I'm with you girl  
It makes me wanna cry out loud

Oh, I love you so and I know  
You'll always be the one  
Be the one for me  
When I'm with you  
When I'm with you girl

I get high, you pull my feet off the ground

When I'm with you girl  
You make me look like I'm a clown  
But it's nice to know  
Yeah it's nice to know you're mine

When I'm with you

Yeah it's nice to know you're mine  
When I'm with you  
When I'm with you  
When I'm with you  
When I'm with you
