

Beat Ball

Orange Range

Beat + a good hit = I understand that I'm taken captive
Understanding this, the distorted rhythm makes me hit
up, new style sound

I spring up to the rhythm, I'm pretty into it, drops of
sweat scatter around the floor
Dancing, singing, laughing, crying out, I notice that
smiles spread out across the floor
In my empty head, with time in my pocket, with a
beautiful step, I don't stop; I'm excited
Feel it with your senses, forget yourself and jump up
and down

Beat + a good hit = I understand that I'm taken captive
Understanding this, the distorted rhythm makes me hit

The moment that two become one, the rhythm goes round
and round in a circle
This is definitely a good atmosphere, beat + a good hit
hit
Do you understand that? This rhythm is like that; my
feelings just go in one direction
Hey everyone, come here, it's simple isn't it? Dance,
right right, on your own terms

I carve out the distorted rhythm with a ta-la-la; I get
into the sound and sing with a pa-la-la-la
I'm so into it, I've been taken captive; I've been
colored
I'm going to pass the night away dancing with you, with
feelings of enthusiasm, la-li-ho
Enthusiasm, excitement, boing
I was hard, I was embarrassed

Beat + a good hit = I understand that I'm taken captive

up, new style sound
