

White Trash

Orchestral Manoeuvres In The Dark

I'm going to get you (trash)
For the lies you've been telling (trash)
And I'm going to tell (trash)
The people you call your friends (trash)

I'm going to break (trash)
Every bone in your body (trash)
That perfect little body (trash)
That's been so close to mine (trash)

(Trash, trash, trash, trash, trash, trash, trash, trash, trash)
(Trash, trash, trash, trash, trash, trash, trash, trash, trash)
(Trash)

We've been together (trash)
Just as long as I remember (trash)
But your mouth is a weapon (trash)
That is worse than any knife (trash)

(Trash, trash, trash, trash, trash, trash, trash, trash, trash)
(Trash, trash, trash, trash, trash, trash, trash, trash, trash)
(Trash, trash, trash, trash, trash, trash, trash, trash, trash)
(Trash)

(Trash, trash, trash, trash, trash, trash, trash, trash, trash)
