

Down Here

Orden Ogan

Down here is nothing like it seems
You should run for your life
Down here truth is what men believe
Wanted: Dead or Alive

Forgive me father for I will sin
I will settle this once and for all
You didn't watch your children, where have you been?
Come see for yourself that your world burns

Down here is nothing like it seems
You should run for your life
Down here truth is what men believe
Wanted: Dead or Alive

Righteous and noble, a man of the gun
I lost my faith when this town fell
Let me find peace in death, for in life I found none
If you get in my way I will shoot you as well

Down here is nothing like it seems
You should run for your life
Down here truth is what men believe
Wanted: Dead or Alive
