

Attention

Orianthi

I'm out of whiskey waiting on you
Staring at the ceiling, sitting in this hotel room
Sipping on tequila with someone you know
While you're out on tour doing what you always do

You're so predictable, you do it every time
Drunk checking on me in the middle of the night
You know, you know, you know what you pull me through
You just want attention
I'm done thinking 'bout you
I'm done thinking 'bout you

Same old story, nothing's gonna change
We run around in circles, and I always take the blame
In the end on alcohol swearing I'm the love of your life
When the sun comes up, I know it was all a lie

You're so predictable, you do it every time
Drunk checking on me in the middle of the night
You know, you know, you know what you pull me through
You just want attention
I'm done thinking 'bout you
Yeah, I'm done thinking 'bout you
Yeah, I'm done thinking 'bout you

You're so predictable, you do it every time
Drunk checking on me in the middle of the night
You know, you know, you know what you pull me through
You just want attention
I'm done thinking 'bout you
You're so predictable, you do it every time
Drunk checking on me in the middle of the night
You know, you know, you know what you pull me through
You just want attention
I'm done thinking 'bout you
Yeah, I'm done thinking 'bout you
I'm done thinking 'bout you
Yeah, I'm done thinking 'bout you
Yeah, I'm done thinking 'bout you
