

## Skeleton Key

Origami Angel

Whoo!

Overwhelming thought of being on my own  
For two weeks straight without the sight of you around  
Overwhelming thought of if this lasts forever  
If you'll find ways to remember me somehow

I hope you know  
Everything you do is  
Special to me  
You're my skeleton key

So do you even have to ask me? (Ooh)  
You know that I want to be there with you (Ooh)  
I wanna be there with you (Ooh)

I hope you know  
Everything you do is  
Special to me  
You're my skeleton key  
I hope you know  
Everything you do is  
Special to me  
You're my skeleton key
