

## Step

## Origami Angel

I'm trying to believe  
That you're still here with me  
Waiting in my sheets when I get home  
But lying to myself  
Never fails to make me feel alone

I won't make it on my own  
I need someone there each step of the way  
I can't do this all alone  
Give me your hand and guide me away  
I won't make it on my own  
I need someone there each step of the way  
I can't do this all alone  
Give me your hand and guide me away
