

(I wish I was in the qua-  
Ah, I don't like that can we try something else?)

I wish I was in the quantum realm  
Just for a minute  
All this bullshit surrounding me is driving me insane  
And the way that's it's looking  
I think I may be better off taking a  
Breath of fresh air underwater  
And the way that's it's feeling  
It feels so revealing and I can tell that  
Everyone knows I'm trippin'  
'Cause it gives me so much anxiety  
I can't find a reason to stay  
I need something else to resort to  
I can't get away

So then I text my friends  
Close my eyes and count to ten  
Just wait for you to leave again  
Then I'll pretend  
I'm better on my own  
And even though that's such a goddamn lie  
I think it might be worth a try  
Something to keep you off my mind from time to time  
So I don't feel like  
So I don't feel like  
Like I'm a joke to every person that I know  
A loser lacking sense and self-control

I can't find a way out  
I've been looking  
But I can't find a place to go

So then I text my friends  
Close my eyes and count to ten  
One, two, three, four, five, six, seven, eight, nine, ten

Text my friends  
Close my eyes and count to ten  
Just wait for you to leave again  
Then I'll pretend  
I'm better on my own  
And even though that's such a goddamn lie  
I think it might be worth a try  
Something to keep you off my mind from time to time  
So I don't feel like  
I just don't feel right
