Coffee For Dinner

Orion Sun

Slept in your bed when I had no place to go
This is a dream I don't plan on letting go
I can't breathe, suffocating so close

Just hope you remember, hope you remember
That late night in winter
You saw a winner when I felt like a loser
Coffee for dinner kept me warm in the cold
Made me stronger on my own, no

Often, often, tryna see you often
Call you when I'm off then, workin' 'til the morning
Giving up so easy (Oh), I think about it often
Don't think about it often, often, oh

Workin' two jobs 'til I finally got a whip (Whip)
Crossing state lines, hoping I could feel something
I can't breathe, suffocating so close

Just hope you remember, hope you remember
That late night in winter
You saw a winner when I felt like a loser
Coffee for dinner kept me warm in the cold
But I never was alone, no

Often, often, tryna see you often
Call you when I'm off then, workin' 'til the morning
Giving up so easy (Oh), I think about it often
Don't think about it often, often
Often, often, tryna see you often (Oh, no, yeah)
Call you when I'm off then, workin' 'til the morning
Giving up so easy (Oh), I think about it often
Don't think about it often, often, no
(Yeah, yeah, yeah)
