

## dirty dancer

Orion Sun

You got me waiting at the corner  
Waiting at the red light  
Waiting at the crosswalk  
Thinking of you  
Waiting in line  
At the grocery store  
Waiting for an Uber thinking of you  
Look

I'm a dirty dancer  
If only I could pull my pants up  
I just wanna be the one you want to dance with  
Forget all that bullshit  
Let's just focus on this  
I just wanna be the one you want  
To move with  
Want to groove with  
To move with  
Want to dance with  
Yeah, uh

You got me waiting by the phone  
Waiting for my food  
Waiting for my clothes to dry  
Thinking of you  
I'm waiting for a sign  
Waiting for my game to load  
Waiting for spring  
Can't stop thinking 'bout you

I'm a dirty dancer  
If only I could pull my pants up  
I just wanna be the one you want to dance with  
Forget all that bullshit  
Let's just focus on this  
I just wanna be the one you want  
To move with  
Want to groove with  
To move with  
Want to groove with  
Yeah, uh

When the lights go down  
That's when the demons come out  
It's a long way back  
And time running out  
I said the lights go down  
That's when the demons come out  
It's a long way back and time running out  
But you could leave with me now  
We could both leave this town  
You could leave with me now  
We could both leave this town
