(Yeah, it's true)
(Yeah)

You got a heart of gold, just like your mother
And no matter how angry you get, you'll never be your father
(Hey, can we start over)
I promise, oh
(I'm just gonna like play around with this, like a little bit)

(Okay, snares? snares?)
(Just like that, oh just like that)
(Just like that, oh, just like that)

Ooh, look so damn good
Make me wanna call outta work
Ooh, you feel so damn good
Make me wanna put in work, aw yeah
(Ayy) Aww yeah, (yeah) ooh ah
I think I like it now, I think I like this, yeah
I don't ever want to leave your side
I couldn't like me, who gonna... this shit?
I heard... na-
na, you got me head over heels like I'm wearing stilettos
I got a ride, you got a rhythm, I can't stop
Dancing, moving my feet
Dancing (alright, let me, let me, let me put some words in here
)
You got a smile that can light up this whole damn city
So damn pretty, (yeah)

I don't ever wanna be alone
Now that I know ya
I don't ever wanna be on my own
Now that I know ya
Oh, like Bonnie and Clyde, we gon' conquer
Got yo back, we gon' rock this (yeah)
I don't ever want to leave you, no
