

We gotta split like banana
They wanna sit they can't stand us
We shine like diamonds
We shine, we shine

We gotta split like banana
They wanna sit they can't stand us
We shine like diamonds
We shine, we shine

We gotta split like banana
They wanna sit they can't stand us
We shine like diamonds
We shine, we shine

Remember when we used to rock the JanSport?
Remember when they hated us? I still don't know what for
MTV Jams on your network
We danced it out on your bedroom floor

Singin first things first I'll eat your brains
Then I'mma start rockin gold teeth with fangs
Cause that's what a motha fuckin monsta do
That's what a motha fuckin monsta do
