

Ne Me Quitte Pas (Don't Leave Me)

Orion Sun

Swear you came down like a comet
You be all in my dreams like I'm fuckin' haunted
But it's beautiful, you move me
Like a moon beam
Change the water flow
Oh-oh-oh
Oh, oh

It feels so good to know ya
It feels so good to know ya
It feels so good to know ya
It feels so good to know ya
So good
So good, so good, so good (It feels so damn good)
So good, so good, so good (It feels so damn good)
So good, so good, so good (It feels so damn good, yeah)

Had some nights that weren't nice
I needed something more
Found you in the bright lights
On the dance floor
You wooed me like a warm breeze
Swept me off my feet, yeah

It feels so good to know ya
It feels so good to know ya
It feels so good to know ya
It feels so good to know ya
So good
So good, so good, so good (It feels so damn good)
So good, so good, so good (It feels so damn good)
So good, so good, so good (It feels so damn good)

Love me forever
Love me forever
