Orion Sun

Ninety-three miles 'til I touch down, hail Mary  
Hope I see you out, baby, it's a long shot, crazy  
I know  
Hoping that I'm gon' see you around, mm

Walking home from the bar at night, tipsy  
I feel like if I tried, I could fly, really  
I can't get you out of my mind  
I only wanted to see you laughing

You got me singing in the rain  
Purple rain, I'm in pain, you don't love me the same  
I'm crying all alone again  
Pitiful, pitiful, pathetic, I don't regret it, no

'Cause this love, any love, any love, any love don't last too long  
It's a miracle that love even happens at all  
We should hold it close, don't miss any moments  
'Cause you know, yeah, you know that love will soon be gone

Took a visit to the past  
We was just fragile beings lying in the grass  
You was holding my hand  
We could feel the Earth spinning 'round and 'round and 'round  
And 'round again  
Swear you were Heaven-sent  
Do you believe in romance?  
I never meant to cause you any sorrow

You got me singing in the rain  
Purple rain, I'm in pain, you don't love me the same  
I'm crying all alone again  
Pitiful, pitiful, pathetic, I don't regret it, no

'Cause this love, any love, any love, any love don't last too long  
It's a miracle that love even happens at all  
We should hold it close, don't miss any moments  
'Cause you know, yeah, you know that love will soon be gone

'Cause this love, any love, any love, any love don't last too long  
It's a miracle that love even happens at all  
We should hold it close, don't miss any moments  
'Cause you know, yeah, you know that love will soon be gone
