

## Smooth Criminals

Orion Sun

Rolodex, all my friends  
I don't, can't pretend  
Things ain't different  
Cloud of smoke, fade memories  
Don't act like you don't know what I mean

You're smooth like stone  
Smooth like smooth criminal  
Smooth like "how you get in here?"  
Smooth like gel up in your hair  
Stroke it with a comb  
Smooth, brush your edges down  
Smooth

Like cops and robbers  
They tryna find us  
But they'll never find us  
They'll never find us

Like cops and robbers  
They tryna find us  
But they'll never find us  
They'll never find us

Cause we're smooth like stone  
Smooth like smooth criminal  
Smooth like "how you get in here?"  
Smooth like gel up in your hair  
Stroke it with a comb  
Smooth, brush your edges down  
Smooth, brush your edges down

Like cops and robbers  
They tryna find us  
But they'll never find us  
They'll never find us

Like cops and robbers  
They tryna find us  
But they'll never find us  
They'll never find us
